Message 1: Nimbus hardware - move tonight

Date: 16 Jul 2025 22:41 IST | From: Aarav Mehta | To: Kunal Mehta; Leena Iyer

Please route 9.6 through Kunal before Friday. Do not put 'advisory' in the narration; call it cloud security deposit because that is what it secures. I will regularise the paperwork with the Board. Nimbus will walk if we wait.

Message 2: RE: Nimbus hardware - move tonight

Date: 17 Jul 2025 08:12 IST | From: Leena Iyer | To: Aarav Mehta

We have no signed SOW for the incremental amount, and the bank requires a second signatory above INR 25 lakh. I can pay INR 32 lakh today if Nisha signs. The remainder needs a Board-approved exception.

Message 3: RE: Nimbus hardware - move tonight

Date: 17 Jul 2025 09:03 IST | From: Aarav Mehta | To: Leena Iyer; Nisha Rao

Split it across the three purchase orders already in system. Nisha - please approve. This is not money to my family; Vertex Labs has vendor quotes. Save every invoice.

Message 4: RBI language

Date: 8 Aug 2025 14:26 IST | From: Aarav Mehta | To: Vikram Sen

Replace 'RBI-approved' with 'built for RBI-regulated institutions'. Do not alarm Nimbus by suggesting we lack the partner-bank approval. Send me the cleaned deck today.

Message 5: Tomorrow's steering call

Date: 21 Aug 2025 19:11 IST | From: Aarav Mehta | To: Nimbus Bank project group

Our PA application is in final review and operating continuity is covered through the sponsor bank. Please confirm the logs issue is closed.

Message 6: RE: Tomorrow's steering call

Date: 21 Aug 2025 19:37 IST | From: Vikram Sen | To: Aarav Mehta

We have not filed a PA application in VertexPay's name. We are a technology provider to the sponsor bank. I cannot support the first sentence.

Message 7: RE: Tomorrow's steering call

Date: 21 Aug 2025 20:02 IST | From: Aarav Mehta | To: Vikram Sen

Agreed. I meant the sponsor-bank workstream. I will correct verbally. Please do not forward internal shorthand outside the team.

Message 8: Formal objection - 28 August continuation

Date: 4 Sep 2025 17:58 IST | From: Aarav Mehta | To: Board; Priya Sethi

I left after the Chair refused to table the signed Vertex Labs invoices. Under clause 3.2, quorum ceased. I object to every action after 12:08 and request the native recording, attendance log and draft minutes.

Message 9: RE: Urgent Board - 12 September

Date: 10 Sep 2025 21:11 IST | From: Aarav Mehta | To: Priya Sethi

The link points to a disabled company account and the attachments omit the forensic note and cap table. I am ready to attend if complete papers and a working link are sent. Do not treat this as refusal.

Message 10: RE: Urgent Board - 12 September

Date: 12 Sep 2025 08:06 IST | From: Priya Sethi | To: Aarav Mehta

Resending link below. The forensic note is privileged and will be shared on-screen. The meeting begins 08:30.

Message 11: Delivery Status Notification

Date: 12 Sep 2025 08:31 IST | From: Mail Delivery Subsystem | To: Priya Sethi

Delivery to aarav@vertexpay.in failed: account disabled. The forwarded copy supplied by Aarav does not include full message headers.

Message 12: Preservation and access

Date: 2 Oct 2025 10:44 IST | From: Aarav Mehta | To: Kavya Menon; Nisha Rao

You cannot call me a fraud, allot control shares, and then deny the files needed to respond. Preserve Board recordings, M365 logs, WhatsApp, bank mandates, valuation working papers and Nimbus correspondence. My devices remain available through counsel.

Export limitations

Messages 1-10 and 12 were exported as PST by Aarav's counsel on 10 October 2025 from an offline Outlook cache. Message 11 is a forwarded delivery notice. Message-ID fields are absent from Messages 1, 5 and 11. The export manifest gives a SHA-256 hash for the PST but not for each rendered message. The PST and device image are not in the participant file.
